McPherson, Kan., April 21.-John S. Dawson, attorney general, has filed in the district court for McPherson county an application for an injunction to rethe state officials in charge of the Topeka state hospital and from disturbing the patients at the hospital. Hanson has brought habeas corpus actions in the Shawnee county court to secure Marion Jilston and Charles H. Fleming from the Topeka hospital for the insane. The cases of Richard, Jilston and Fleming have not been heard but the court ordered all the other patients taken back to the hospital at once and without more examination than a view of the men as all the patients had to partment is the best equipped, the best managed and the best distributed in the court ropes in chains. taken back to the hospital at once and be brought to the court room in chains.

Mr. Dawson's Charges. John Dawson makes some serious accusations against a brother practitioner in the law. Just notice the crimes and misdemeanors that the attorney general enumerates against Hanson in the third section of the petition, which

The defendant, John F. Hanson, under the guise and pretence of practicing the profession of law has been guilty, and now is guilty of the practice of barratry, champerty and maintenance and arts and practices of a similar character and akin thereto, by soliciting and importuning certain immates of the Topeka state hospital who are afflicted with mental derangement and of flicted with mental derangement and of unsound mind to be engaged and em-ployed as a lawyer for such inmates to ployed as a lawyer for such inmates to procure their release and discharge by proceedings in the nature of habeas corpus and other proceedings of a similar nature, and the defendant has harassed and does harass and annoy the officers, agents, servants, physicians and employees of the plaintiff with suits, proceedings and inquisitions in the nature of habeas corpus and other proceedings of a like nature, and other proceedings of a like nature, and such suits and proceedings are not brought in good faith nor upon probable cause but are brought upon arrangements and agreements procured and solicited by the defendant with the processing the process of the plainting

brought in good faith nor upon probable cause but are brought upon arrangements and agreements procured and solicited by the defendant with the firresponsible inmates of the plaintiff's institution as aforesaid, and plaintiff alleges that all of said arrangements and agreements between the defendant and the said inmates of unsound mind confined in the plaintiff's institutions are not authority for the institution of proceedings by a responsible and reputable lawyer in any court of law and justice in this state."

Relies on Common Law.

There may be other crimes on the calendar, but they are of very small moment compared to those cited in the plaintiff's institution. These are a few of the advantages of being a city fireman in a city where the law of the modern and capability are demanded. The Firemen's Relief association is officed of members of the fire department. It receives from the state years and do a lot of state indicated the play words and to go bear of the plaintiff's institution and the proposed of the department of insurance a creation of the department of insurance a creation mount every year. partment is the best equipped, the best managed and the best disciplined of any city of 75,000 or less in the United States. Without the pension advantages Topeka was able to show the best record of any other city—and with these features it is expected that the department will be able to keep in service the high grade men now employed.

Through the efforts of Chief Wil-marth, Topeka has been able to obtain a better class of young men for fire fighting work. The chief with his civil service methods and his high standards has placed a ban on firemen with physical and moral defects. New York Stock Market.

Wall St., New York, April 21.—STOCKS
—A brisk movement was inaugurated with the opening of the stock market today. Almost the entire list was depressed. Almost the weakest issues were the fertilizer shares, Virginia, Carolina. Chemical losing 1½ and American Cotton Oil a point. United States Steel opened ½ lower and Union Pacific and Missouri Pacific declined 5½.

Liberal offerings of the fertilizer group defeated efforts to railly the standard stocks after the opening display of heaviness. American Agricultural Chemical declined 1½: Virginia Carolina Chemical

ness. American Agricultural declined 11/8; Virginia Carolina

ness. American Agricultural Chemical declined 1½; Virginia Carolina Chemical 1½ and American Cotton Oil 1½. Bear operators sold these stocks congidently on the belief that the disturbed trade conditions would compel a reduction of dividends. The decline during the week in these stocks amounted to 2½ in American Agricultural Chemical and 6½ in American Cotton Oil and Verginia Caroling Chemical. Pennsylvania was bid up a point at 11 o'clock and the general market hardened slightly in sympathy.

Changes in prices during the morning session were negligable except in a few issues. Sentiment was not clearly enough defined to bring about a pronounced movement in prices in either direction, also the buying was considered better than the selling in the early decline. London unloaded some 15,000 shares at the opening, chiefly Union Pacific, the balance between United States Steel and Reading. Reports of suspension of work on the construction of a large Alabama plant of the United States Steel corporation was given as the reason for the beaviness in that stock. Toward midday plant of the United States Steel corpora-tion was given as the reason for the heaviness in that stock. Toward midday the tone of the market became apprecia-bly better and prices of representative stock recovered to yesterday's clo ing fig-ures. The fertilizer group however, con-tinued under pressure. Rock Island pre-ferred 1%.
